Complaint

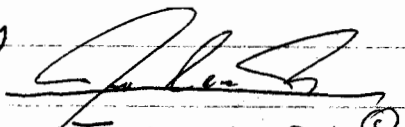

Conspiracy/Kidnapping/6th & 8th Amendment violations/RICO/TRO Restraining Order²

Comes now the Plaintiff, Jonathan Lee Riches[©] d/lb/a Political Prisoner, in pro-se, seeking declaratory Injunctive Relief of 5 million dollars, and compels Defendant's to release me from Solitary confinement 24 hour lockdown. I've been held in Solitary, by myself since Oct 20th, 2007. Defendant's are thwarting My access to the Courts. I have no more stamps, I'm not provided pens or paper, Starbucks is in a conspiracy with FCI Williamsburg to keep me away from general population and the courts. Solitary confinement is taking over my brain, the walls are closing, My floors are laced with E Coli. Yesterday for Dinner I was served 3 grains of corn, and a 1/2 of moldy Bread on a tray that was in sunlight for 10+ hrs, I get served no Starbucks coffee. I have access to no media, no newspapers, no girl magazines, no toothpaste, I'm freezing, this is a meat locker. I have no pillow, I provided with used boxers, one exchange a week. I hear other inmates screaming in the halls, some getting tortured. I'm not provided due process. No one is telling me when I get out. I went 5 days refusing to eat because I fear My food will be poisoned, only to be threatened with bodily harm and force fed. The light stays on 24 hrs a day. Defendant's want me to rot. Defendant's want to burn me with hot coffee. Schultz is friends with Michael Vick, this is a revenge plot. Defendant's plan to ship me to another undisclosed facility for more torture. I demand this abuse to stop, I move for 5 million and immediate release out of solitary.
